- 2.5 Such terms and conditions varying from the SEMAGRI Trading Conditions and the applicable RUCIP, AHP, AHV or VAVI conditions can only be agreed in writing and are subject to the explicit written confirmation thereof by SEMAGRI.

3. Applicable law and arbitration

- 3.1 All legal relationships between SEMAGRI and its Other Party are governed by Dutch law, with the exclusion of the United Nations Convention on Contracts for the International Sale of Goods; Vienna, 11 April 1980 (Vienna Sales Convention / CISG).
- 3.2 Arbitration occurs according to the Arbitration Regulations that are included in the applicable RUCIP, AHP, AHV or VAVI conditions via Article 2.2 of the SEMAGRI Trading Conditions.

The extrajudicial costs payable are 15% of the principal sum, subject to a minimum of two hundred and fifty (€250) Euros.

4. Liability

4.1 Any shortages, flaws and damage must be reported by the Other Party to SEMAGRI in writing. Notwithstanding the provisions in the RUCIP conditions, SEMAGRI cannot be held liable for defects, if the complaint is submitted to SEMAGRI at a time that the seed materials had already been planted or were cut.

Notwithstanding the provisions in the AHP conditions, SEMAGRI cannot be held liable for defects, if the complaint is submitted to SEMAGRI at a time that the seed materials had already been planted or were cut, or has crossed the Dutch land or sea border.

4.2 In all cases, and notwithstanding the provisions in the RUCIP, AHP, AHV or VAVI conditions, SEMAGRI's liability is limited at all times to direct loss or damage (i.e. loss or damage to all or a portion of the goods themselves and transport costs, storage and/or preservation costs incurred insofar as these costs relate to the goods or portion of the goods for which a well-founded complaint has been lodged) and is limited at all times to the invoice amount of the goods for which a well-founded complaint has been lodged, or which are the subject of the loss or damage. SEMAGRI is never liable for any indirect loss, including but not limited to consequential loss, loss of profit and stagnation loss. The limitations of liability in this article do not apply if the loss or damage is the result of intentional misconduct or gross negligence on the part of SEMAGRI.

4.3 In the event of damage, the Other Party is obliged to limit this to a minimum.

4.4 If the Other Party fails to fulfil any of its obligations, the Other Party shall be obliged to fully compensate SEMAGRI for the damage suffered by them due to this non-performance, including any loss of profits.

5. Payment and retention of title

5.1 Payment must be effected by the Other Party within 30 days of the invoice date, unless otherwise agreed in writing, regardless of the fact whether the goods were lost and/or sustained damage during transit. In the event of non-payment within the agreed term, the Other Party shall owe interest of 12% per year, in which part of a month shall be deemed a full month, without the need for a notice of default.

5.2 At any time during the term of the agreement, SEMAGRI may demand security or additional security for payment by the Other Party, provided the Other Party gives reasonable rise to this. If the Other Party fails to comply with a reasonable request for security, SEMAGRI shall be entitled to suspend its obligations or to terminate the agreement and claim compensation.

5.3 All goods supplied remain the property of SEMAGRI until full payment has been received for all that the Other Party owes by virtue of the agreement. If, in the event of late payment, a moratorium on payment or insolvency, SEMAGRI will rely on its retention of title, SEMAGRI shall be entitled to repossess the goods delivered by them and access the grounds and buildings where the goods are stored.

6. Sale of seed materials subject to plant breeder's right

- 6.1 Seed material of varieties subject to plant breeder's rights may not be used for further propagation of those varieties, unless a written agreement to that effect, containing a provision for fair payment, has been concluded with SEMAGRI.
- 6.2. Seed materials subject to plant breeder's right can solely be planted in the agreed country of destination.
- 6.3 Upon SEMAGRI's request, the Other Party is required to provide a third party designated by SEMAGRI with all the names and addresses of parties to whom the Other Party has delivered or sold SEMAGRI seed potatoes, including details of quantity, variety, class and size.
- 6.4 The Other Party grants SEMAGRI and its representatives the right to inspect, test and check all fields planted with seed potatoes bought from SEMAGRI. The Other Party, if so requested by SEMAGRI and/or its representatives, must point out all fields planted with seed potatoes originating from SEMAGRI.
- 6.5 The Other Party is obliged to grant supervisory powers carrying out inspections on behalf of SEMAGRI direct access to its business and the potatoes, either in the field or stored, in respect of a protected variety delivered to the Other Party. If so requested, the Other Party must also provide direct access to its administrative records that are relevant to the investigation, including invoices.
- 6.6 In the event SEMAGRI is drawn into proceedings in respect of plant breeder's rights or other industrial property rights, the Other Party is obliged to render all assistance as desired by SEMAGRI, including assistance in the collection of evidence.
- 6.7 In the event of resale of seed materials of varieties that are subject to plant breeder's rights, the Other Party is obliged to stipulate with its customer(s) the provisions of articles 6.1 to 6.7. The Other Party is at all times responsible for compliance with these obligations by its customer(s).
- 6.8 In case the Other Party does not comply with the provisions in sections § 6.3, 6.4, 6.5, 6.6 and/or 6.7 it forfeits a penalty of EUR 10.000 per day or occasion – such in the sole discretion of SEMAGRI – to SEMAGRI, without prejudice to SEMAGRI's right to claim damages, including loss of profit.

7. Quality standards

- 7.1 SEMAGRI supplies seed potatoes subject to the standards the class of seed potatoes to be delivered must meet as stipulated in the inspection regulations of an officially certifying body. No additional guarantees are given by SEMAGRI, unless explicitly agreed otherwise. SEMAGRI reserves the right to apply more stringent standards than the officially certifying organisations.

8. Force majeure

- 8.1 If, due to force majeure, SEMAGRI is unable to fulfil any obligation it has towards the Other Party and, in the opinion of SEMAGRI, the force majeure event is of a temporary nature or a passing phase, SEMAGRI shall be entitled to suspend performance of the agreement until the circumstance, reason or event causing the force majeure situation has ceased to exist.
- 8.2 If after a force majeure event as referred to in this article the circumstances have changed to the extent that SEMAGRI cannot reasonably be expected to perform the agreement anymore, SEMAGRI shall be entitled to dissolve the agreement. If the force majeure event with regard to potatoes grown in any year still exists on 15 July of the subsequent year, the agreement shall be dissolved by operation of law on that date, without the right to compensation.
- 8.3 Notwithstanding the force majeure clauses in the RUCIP, AHP, AHV and/or VAVI conditions, force majeure applies, but is not limited to, in all of the following events: strikes; walkouts; government measures and/or regulations preventing, delaying or otherwise impeding the fulfilment of obligations; lack of means of transport; any possible routes or means of transport being impassable or unusable; interruptions in the supply of energy, raw materials, semi-finished or end products; insufficient stock due to weather conditions and quarantine diseases, technical breakdowns and/or defects, pandemics / epidemics including associated restrictions on the movement of goods.

9. Restricted Harvest Clause

9.1 All sales of SEMAGRI are subject to harvest. If due to a disappointing harvest in terms of quantity or quality of the potatoes fewer products are available, which includes rejects by bodies competent to that effect, than was reasonable to expect upon conclusion of the agreement, SEMAGRI has the right to reduce the quantity it sells accordingly. The above also applies if the products bought through cultivation contracts prove to be insufficient to satisfy all customers of SEMAGRI. By supplying this reduced quantity SEMAGRI thus fully meets its obligations to deliver. In that instance, SEMAGRI is not obliged to supply replacement products, nor can SEMAGRI be held liable for any damage.

10. Right of Retention

- 10.1 Towards anyone who demands surrender thereof, SEMAGRI has a right of pledge and a right of retention on all goods, documents and monies of the Other Party, regardless of their destination, held by SEMAGRI, for as long as the Other Party has not fulfilled all its obligations towards SEMAGRI, in respect of all current and future claims SEMAGRI has against the Other Party.
- 10.2 SEMAGRI can also exercise the rights granted to them in paragraph one of this article in respect of everything else the Other Parties owes SEMAGRI in respect of previous instructions.

11. Validity

11.1 If any stipulation in the SEMAGRI Trading Conditions should prove partially or wholly invalid and/or unenforceable, the validity of the remaining stipulations of the SEMAGRI Trading Conditions shall remain unaffected.
